This technical diagram illustrates the assembly of a mechanical component, likely a valve or actuator. The main body is shown in a cross-sectional view, revealing internal components such as the valve seat (48606) and the valve stem (48607). The assembly is mounted on a base plate (51314) which is secured by a bolt (38325) and a nut (35988). A curved pipe (41701) is connected to the bottom of the assembly. A solenoid coil (901240) is shown at the bottom left, with an arrow indicating its connection to the assembly. A pressure gauge (164.7) is shown at the top right, with an arrow indicating its connection to the assembly. The diagram includes various other parts and fasteners, each labeled with a part number: 48609, 41805, 30401, 51047, 48608, 48606, 48607, 48605, 48676, 750293, 750340, and 41701. A note '164.7 1' is also present, likely indicating a pressure rating or a specific part number.
